CORPORATE POLICY OF SYNTHESIA TECHNOLOGY EUROPE, S.L.U.

SYNTHESIA TECHNOLOGY EUROPE, S.L.U., in line with its Mission, Vision and Values, adheres to the following Corporate Policy Commitment and hereby commits to providing the necessary resources in order to:

- Consider Quality, Safety, Environment and Social Responsibility as key aspects of the decisionmaking process.
- Establish objectives, goals and programmes that ensure a process of continuously improving the results and efficiency of the Corporate Management System.
- Comply with our customer's requirements and those of interested parties, including applicable legal requirements and in particular, legislation on industrial safety, prevention of serious accidents, prevention of occupational and product-related risks and environmental protection, in addition to other requirements that we adhere to.
- Increase our market share and adapt to the needs of the market in general and those of our customers in particular, ensuring that our customers' needs are identified and included in our solutions.
- Draw on active prevention as a way of ensuring flawless results to ensure the continuous improvement of our processes and reduce costs without compromising on quality.
- ✓ Incorporate prevention to avoid risks in terms of contamination, serious accidents, security and breaches, taking into consideration the processes, facilities, activities and substances that we handle with a view to adopting appropriate protection measures and limiting their potential to a minimum.
- Establish training plans and increase motivation amongst employees to expand their skills, knowledge and motivation in the performance of their duties, aligning ourselves with our Human Resources Policy
- Ensure that all internal and external staff comply with the applicable legislation and requirements, as well as the company's internal procedures and regulations, including the KP Group Code of Conduct and Compliance Policy.
- Integrate and promote the principles of the Code of Conduct, KP Group, guaranteeing that ethical and professional behaviors are the norm in all company activities.

Management shall ensure that this Corporate Policy is communicated and understood by all staff and is available to interested parties.

This Policy serves as a frame of reference to allow Management to periodically review results obtained and establish improvement objectives that are consistent with the principles and commitments set out in this Corporate Policy.
